Brett and Kimby,

See below. Patti requested a call with me to answer some questions. She sent this in advance of a call scheduled for next Tuesday.

Could you please advise me on next steps?

Best,

Rob

Hi Rob,

I've attached our evaluation criteria for Appendix B waters, my ppt and your comments from last year. Our SOP for waterbody evaluations hasn't been modified since then. I'd like to determine what modifications to our waterbody evaluation process I need to make so that Appendix B designated use changes or waterbody removals would be acceptable to EPA in the next triennial review of standards. And in what cases a UAA will be needed.

Thanks in advance for your time!
Patti

Hi Patti,

Yes, that works. Is there an updated document or material that I need to review for the call?

Best,

Rob
